Edita Ciglnecki : Medical Multilingual Dictionary for Travellers: English - French - Spanish - Italian - Croatian before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Multilingual Dictionary for Travellers: English - French - Spanish - Italian - Croatian:

Originally created as Multilingual Dictionary of Medical Emergencies, this dictionary is now tailored to smaller format, suitable for travelling. Consisting of over 3000 medical terms in five languages, this dictionary is created in very practical time-saving and easy-to-understand way for both medical professionals and their patients. Instead of one classical A to Z alphabetical order, it consists of several topics where terms regarding each topic are organized alphabetically. The topics start from very basic subjects of numbers and orientation and proceed with terminology concerning accidents and disasters, parts of the human body, injuries, symptoms and diseases, pharmacy, medical facilities, medical procedures, diagnostics, pregnancy and obstetrics.

About the Author Edita Ciglenceki is medical translator with Academic degrees in Biomedical Sciences and Public Health Sciences. Besides Croatian, being her mother tongue, she is a holder of international diplomas in English, French and Italian language. For many years she worked as a medical professional inside the travel industry. This dictionary is the product of her own working experience built on her passion for traveling, medicine and language skills.
