**R Heikell : Mediterranean France Corsica Pilot** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mediterranean France Corsica Pilot:

This is a comprehensive companion to the long coastline which ranges from Spain and the edge of the Pyrenees to the Alpes Maritimes and Italy. It covers the flat country of Languedoc-Roussillon, the coast of the Golfe du Lion, the Rhône delta and the Camargue, the industrial Golfe de Fos, the Côte d'Azur and the French Riviera and Monaco. The island of Corsica and the waterways that run behind the coast linking the Canal du Midi and the étangs to the Rhône are covered in separate chapters. For this fourth edition there are new and updated plans, new photographs and new

sections on routes. The introduction has been reorganized to provide better information on getting to the area, formalities and weather and radio services.
