**David Brawn : Menorca Tour and Trail Map Map-Paper Version (Tour Trail Maps)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Menorca Tour and Trail Map Map-Paper Version (Tour Trail Maps):

Fully detailed 1:40,000 scale topographical map of Menorca including street plans for central Ciutadella and Mao (Mahon). Digital editions of this map are available for use on mobile phone apps from Viewranger, Memory Map and MyTrails, plus versions for mapping gps units and gps software are available from Mapyx Quo and Memory Map. All walking routes from new Walk! Menorca 2nd edition guide book are clearly highlighted. Replacing our popular paper 3rd edition all information has been updated and new design standards incorporated combining masses of useful information with outstanding clarity. In addition to all the things you would expect to find on a map of Menorca are more unusual places such as the MCC (Menorca Cricket Club, yes, really) and those up-market Rural Hotels. Completely new for our 4th Edition are all the new walking routes from our new Walk! Menorca, the ancient Cami de Cavalls dispatch rider route around the island with both the opened and projected sections, the new cycling routes being promoted by the Consell de Menorca. Add in our usual updating for new roads and developments, including an outbreak of roundabouts that is nearly an epidemic, and you get our 4th Edition of Menorca Tour Trail Map. Quite simply this is the biggest, most comprehensive and up-to-date map of Menorca that is available. Our 4th Edition is available in Super-Durable and Map-Paper versions. Our Super-Durable version is printed on a high-density polymer with a heat-fused china clay coating using special 100% oxygenation inks. The result is a map that feels like silk but performs as if it is indestructible; its water-proof, baby-proof and almost dog-proof. Our Map-Paper uses a top quality cartographic paper.
