David Brawn, Ros Brawn : Menorca Tour and Trail Map Super-durable Version (Tour Trail Maps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Menorca Tour and Trail Map Super-durable Version (Tour Trail Maps):

Fully detailed 1:40,000 scale topographical map of Menorca including street plans for central Ciutadella and Mao (Mahon). All walking routes from Walk! Menorca guidebook are clearly highlighted along with their waypoints. Replacing the popular paper 2nd edition all information has been updated and new design standards incorporated combining masses of useful information with outstanding clarity. In addition to all the things you would expect to find on a map of Menorca are more unusual places such as Lloc al Lari civil war fort, Cricket Club (yes, really) and those up-market Rural Hotels. Quite simply this is the biggest, most comprehensive map of Menorca that is available. Third 'Super-Durable' edition is printed on a high-density polymer with a heat-fused china clay coating using special 100% oxygenation inks. The result is a map that feels like silk but performs as if it is indestructible; its water-proof and almost everything-proof.
