**Michael Brein : Michael Brein's Guide to Amsterdam by the Tram (Michael Brein's Guides to Sightseeing By Public Transportation) (Michael Brein's Guides to Sightseeing ... to Sightseeing By Public Transportation)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Michael Brein's Guide to Amsterdam by the Tram (Michael Brein's Guides to Sightseeing By Public Transportation) (Michael Brein's Guides to Sightseeing ... to Sightseeing By Public Transportation):

1 of 1 people found the following review helpful. This one should not be even sold now  
By A. Serov  
This book should not be sold to anyone - complete waste of money. First and most important that it is outdated and there is no tram line 20 now. And second it is not a map but a schema that you still need to put to the map to make it useful anyway. Third - in any hotel you will get much better free map. Enough said.  
10 of 11 people found the following review helpful. This is not a book!  
By Altso NonazHi fellow travellers...be warned, this item is not a book (check the number of pages listed above!). This item is no more than pamphlet with maps and points of interest in the city. It is an accurate map, indicating all the tram routes and stops--highlighting places that a visitor to Amsterdam may like to experience. I won't say it is totally useless, but it is not what I expected. Although I will make use of this "pamphlet," the price is pretty steep for what you get. I can see this being sold for maybe \$2, but not \$5. For five bucks you can buy a used city guidebook with more than just a map of tram routes. With shipping costs, this item simply isn't worth it. Save your money for plane, train or tram tickets and buy a map when you get to Holland. The exchange rate will make your U.S. dollar go further anyway.  
Happy travelling!

#Michael Brein's Guide to Amsterdam by the Tram shows travelers how to go to Amsterdam's top 50 visitor attractions by metro, rail, tram, bus and canal boat. The guide shows which transit to use, which lines to take, which stops to board and exit at, and, using about 30 detailed mini-area-walking maps, shows exactly how to walk from these stops right to the visitor attractions. Additional nearby points of interest are also indicated on these mini-maps. An ultra-large (very easy to read) official map of Amsterdam's transit system is also provided. The Amsterdam guide is concise, compact, comprehensive and fits in your pocket (leave the bulky books back in the hotel room!). Michael Brein's Amsterdam guide is part of the world's first and only travel guide series specifically designed to show travelers how to sightsee the top 50 visitor attractions by public transportation in a variety of the world's most visited cities.#

For those who want to know where a subway will take them, there is a new series of city public transit maps packed with information. --The New York Times  
In all my years in travel, I've seen some offbeat things, but when I got a copy of Sightseeing by Public Transportation I was hooked, fascinated and wondered why no one's done this before. --On the Road with John Clayton  
#Sightseeing like the locals. U-Bahn, tram, underground, metro, bus ... sometimes the best way to see a city is by public transportation. Michael Brein's maps include public transit routes and directions to the top 50 points of interest in cities around the world ...# --United Airlines Hemispheres In-flight Magazine

From the Publisher  
This all-new "underground" sightseeing map series has surfaced for the budget conscious and independent traveler who yearns to visit major tourist attractions in cities around the world by using public transportation as an alternative to cars, taxis or organized bus tours. The series includes similar guides for Barcelona, Berlin, Honolulu, London, Madrid, Munich, Paris, Prague, Sydney, Vienna, Washington, DC and soon other cities. Michael Brein's Guides give you the one thing all the other travel guides do not, namely, how to actually go to visitor attractions! This powerful series provides you with compact, concise and comprehensive information in a small-footprint, map-fold format that fits conveniently in your pocket. Leave the big, bulky, heavy travel books in your room and don't leave your hotel without Michael Brein's Guides. And once you've used one of Michael's Guides, you'll want the others!
