Jolanta Cecula : Michel Thomas Method Polish Advanced, 4-CD Program (Michel Thomas Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michel Thomas Method Polish Advanced, 4-CD Program (Michel Thomas Series):

Excellent follow-up the Michel Thomas Polish Beginning course By Steven "dyadictensor" Note: This course, now out-of-print, is republished under the title Michel Thomas Method-- Perfect Polish. See Perfect Polish with the Michel Thomas Method. Having gone through the Michel Thomas Beginning Polish course, I was hoping that this Michel Thomas Advanced Polish course would be a natural continuation. I feel this hope was more than met. Here in this course, the Polish instruction continues, and you start to learn how nouns shift through different cases. You are also introduced to the grammatical issue of verb aspect (called imperfective and perfective verbs) and some discussion about "verbs of habitual actions / verbs of motion". It is all

done, as in the Beginning Polish course, in a natural and non-overwhelming way. By the time you get to the end of this course, you will be ready for "textbook Polish courses" that dive into grammar and vocabulary lists. Consequently, this course and its predecessor Beginning Polish are a must for people beginning to learn the Polish language. After having finished this course, my recommendation is to move on to Polski Bez Problemu +, by Supermemo (make sure to get the + version so the course is an interactive computer driven course; it makes a HUGE difference): Do a web search on Supermemo World EU, because it is made by a company based in Poland and is therefore often out of stock on . See Polski Bez problemu!+ Elementary Level A1-A2 (Book CD-ROM) for my review of Level 1. This is far better than Rosetta Stone, in my opinion. See my Pimsleur Polish 1 review for my details on this. Incredible teacherBy lesley annShe is a terrific teacher. If you are a language teacher (which I had been) - and not interested even in Polish - it is really worth hearing how she teaches for one's own continued skills development

Discover the language-learning method millions around the world have come to trust Unlike most language-learning systems, Michel Thomas Method Polish Advanced enables you to naturally and intuitively develop the building blocks for language comprehension. With this advanced course, you can strengthen your skills quickly and easily by listening, speaking, and thinking through Polish. Guided by a language instructor and native speakers, Michel Thomas Method Polish Advanced takes you through an interactive lesson with two other students. In less than five hours, you will have the ability to speak and understand advanced Polish confidently and easily.
