Virginia Catmur : Michel Thomas Method™ Speak Portuguese for Beginners, 8-CD Program (Michel Thomas Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michel Thomas Method™ Speak Portuguese for Beginners, 8-CD Program (Michel Thomas Series):

17 of 17 people found the following review helpful. Practice Practice PracticeBy rana verde Although I have been studying Spanish on my own for some years, I decided since I was going to Portugal, to study Portuguese. And although there was a lot of frustration because there was no one to speak with, when I finally arrived in Portugal after 3 days of adjusting to real live speech, I found that I could both understand and speak baby talk level Portuguese. Because of this program I spoke well enough to take care of all the travel related problems (taxi, Metro, directions, cost,

meal ordering, etc.). This program was quite successful for me. 0 of 0 people found the following review helpful. seems to be too easy to be true
By MariaIt's Ok, seems to be too easy to be true. I'm sure when you're in Portugal would be absolutely different!
5 of 6 people found the following review helpful. Easy and effective
By Rebecca BootheBought this to get basic Portuguese skills. We own a lot of Michel Thomas Method language courses because they work! My husband is a Polyglot (speaks more than 4 languages fluently) and is learning a handful more with this method. I have a basic understanding of Spanish and after just going over a couple Cd's of the Spanish was able to communicate in full sentences. I was a beginner and had to carefully think of those sentences before speaking but it was so nice. This method really does give you a great foundation to build from and the tools to do it yourself and progress quicker than many other methods. I do not do well with vocab learning methods. This method feels much more natural to me. Anyway, honestly follow the method and you will be well on your way to grasping whatever language they offer.

Experience the language learning method millions around the world have come to trust Unlike most language learning systems, the Michel Thomas Method enables you to naturally and intuitively develop the building blocks for language comprehension. You learn at your own speed--listening, speaking, and thinking through the language. Guided by a language instructor and native speakers, Michel Thomas Method--Speak Portuguese for Beginners takes you through an interactive lesson with two other students. By the end of the program, you will have the ability to put together words and phrases together naturally and make your own sentences. You will have basic vocabulary, conversation skills, and the confidence to speak in Portuguese.

About the Author Virginia Catmur is an experienced teacher of Portuguese. Michel Thomas was head of the Michel Thomas Language Centers and taught languages for more than 50 years, primarily in New York, Beverly Hills, and London. Over a period of twenty-five years he developed a unique and revolutionary learning system that made him the world's leading language teacher. He has taught celebrities, diplomats, dignitaries, academics, and business executives.
