From Michelin Travel Publications : Michelin Benelux (Belgium, the Netherlands, Luxembourg) Map (Michelin Maps) before purchasing it in order to gage whether or not it would be worth my time, and all praised Michelin Benelux (Belgium, the Netherlands, Luxembourg) Map (Michelin Maps):

1 of 1 people found the following review helpful. Gotta have it if you're driving. By TooManyBooks We went to Benelux last summer and drove all over the Netherlands, Belgium and Luxembourg (as well as Germany) with this map. We did try to use a navigation system also but sometimes it wasn't working or would give weird directions (like 'turn right here' and there wasn't any road!) so this map was indispensable.

1:400,000. Michelin.
