I like the tips on the side and popular sites. No one included so others know. It looks like there's one included but there isn't.0 of 0 people found the following review helpful. Great view to orient youBy Eva MooreThis map is great because the entire city folds out. This mean the map had less detail than others that Zoom in and leave you with 3-4 views of the city trying to figure out how they fit together.0 of 0 people found the following review helpful. NEW. The Michelin Brussels City Map – part of Michelin’s brand-new Laminated City Map series – is ideal for visitors wanting to see the sights and navigate around the city. Points of interest drawn from Michelin Green Guides are described and highlighted on the map for easy sight-seeing. Planned routes and stops can be marked, then wiped off the laminated surface\* while the map’s accordion-fold pattern allows for a fast look and even faster refold. Rely on Michelin’s clear mapping and street index for an enjoyable visit.\* Use only dry-erase markers.
