There are many sights and suggestions (of eateries and lodgings, in particular) that are not included in other guide books. The tips on traveling by car are good, especially considering that it carries the "Michelin" flag. All in all, the layout and contents give readers a fresh perspective when planning to travel to the Bordeaux and Aquitaine region.2 of 2 people found the following review helpful. Coverage is not consistant with Michelin Map of AquitaineBy Eugene T Mollica JrThe Green Guide, which indicates coverage of Aquitaine, does not cover the same area as the Michelin Map No.524 titled Aquitaine, leaving important cities such as Perigueux out of the Green Guide. I think the two publications should cover the same areas.0 of 0 people found the following review helpful.
