Michelin : Michelin Green Guide Italy (Green Guide/Michelin) before purchasing it in order to gage whether or not it would be worth my time, and all praised Michelin Green Guide Italy (Green Guide/Michelin):

0 of 0 people found the following review helpful. Shallow and WideBy Steve ZissouMaps aren't great. Background/overview was limited. Extremely brief in terms of descriptions and details. It covers a lot of ground in terms of geography, but does not provide a tremendous amount of detail on any one place. One thing I did like: Towns, cities and specific sights are assigned 0-3 stars based on their importance / "must see" factor as determined by the editors ... this is a nice feature. I can see the brevity of this format being a positive for Michelin's green guides that focus on smaller regions (ie Tuscany) or individual Cities (Rome) ... for a country as rich and broad in scope as Italy, the country-wide guidebooks try to cover too much, without enough depth. 0 of 0 people found the following review helpful. Four StarsBy Ben B. Good guide. 1 of 1 people found the following review helpful. Product as described, was not premier shipping so took ... By FloridaProduct as described, was not premier shipping so took a long time to arrive, but still arrived in time. This was a gift for my son who was going to Italy on vacation. He stated that he took it every where with him and utilized it for the cities he visited . Very helpful

New Green Guide Italy, completely updated with increased coverage and more photos, features the country's rich culture, heritage and history. Michelin's celebrated star-rating system pinpoints Italy's highlights, from the stunning coastlines of Sardinia and Sicily to historic city centers of Rome and Florence. A new section inspires travel ideas, while Practical Information is now split into pre-departure and after arrival sections for quicker reference. See Italy's best with Michelin's walking and driving tours, maps and trusted advice.
