Michelin Travel Lifestyle : Michelin Green Guide Provence (Green Guide/Michelin) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michelin Green Guide Provence (Green Guide/Michelin):

9 of 9 people found the following review helpful. Michelin always the bestBy East VillagerIf you want information, well organized and with easy-to-understand priority-setting tools, Michelin guides are hard to beat. Don't look to them for comprehensive hotel or restaurant information, but as a guide to what's worth seeing, and what it is that you are seeing, it is unsurpassed.0 of 0 people found the following review helpful. A necessityBy bloomsThe Michelin Green guides are splendid. You must have one for wherever you are going in France5 of 5 people found the following review helpful. Love this guide.By MicheleWe used this guide to plan a week's stay in Provence last fall. It was easy to plan our days in an organized way, limiting travel time. We were able to make the most of every day!

The travel experience is enhanced by lively introductions to the area, its people and culture, as well as full-page features, key facts boxes, and illustrated chapters on arts, history, architecture and more. As in all Green Guides, travelers will find superior mapping created in-house; unique driving and walking tours; tips and restaurants, hotels, nightclubs and shopping venues; and plenty of family-friendly advice-information to suit every taste and budget. A multitude of color photos convey each destination's beauty and excitement to draw visitors in.
