This book has all the major cities across Europe with hotels and restaurants, especially those great Michelin starred ones. It has the ratings, descriptions, prices, features, addresses, etc. Best of all, unlike the regular Michelin Red Books, this one is all in English! If you're planning a trip to Europe, and even a couple of places you're going are major cities, then you should really have this book.1 of 1 people found the following review helpful. The Most Compacted Guide Book I Ever SeenBy KratosLeeThe informations in this book are massive and detailed. However, the print of some pages are fuzzy and hope Michelin will make a larger book with larger font. In addition, at least cover the book with plastic bag so it doesn't get dusted, scratched and dented like I am having now.0 of 0 people found the following review helpful.
