Seems like all the Michelin maps I have seen this is hard to follow- they aren't designed like US road maps so maybe it's "cultural" bias that kept this from being more useful. The only option I could find online so for that I will give it 2 out of 5 stars. 1 of 1 people found the following review helpful. Good Map info By Shagui Michelin make very good products and this is not an exception Very useful all the info, easy to understand and not missing details I used in my trip to BENELUX in addition to my GPS I highly recommend it One complain, is regular paper not water resistant 0 of 0 people found the following review helpful. Planning tool By Karl Giese We used this mainly for planning since we mainly used public transportation while there and found it excellent: convenient, and inexpensive.
