Michelin : Michelin Map Naples (Napoli) #27 (Maps/City (Michelin)) (Italian Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michelin Map Naples (Napoli) #27 (Maps/City (Michelin)) (Italian Edition):

8 of 8 people found the following review helpful. Naples city mapBy C. SundryI just returned from 5 days in Naples (5/2010). This is a large (25" x 47"), easy to read, well detailed map. Street index on back. One reason for not giving it a higher rating is that the paper is light weight. Frequent use will no doubt cause it to tear. I would have preferred a thin, water-proof layer to both strengthen the paper and protect it against rain. Being as large as it is, it is thus difficult to use while simply walking within the city from site to site. For that, a map like the Streetwise map of Naples was easier to use. One very positive thing about this map is that all of the city is presented on one side (unlike the Streetwise map which places one half of the city on each of two sides) making it easier to tell distances and plan one's route as well as transportation.0 of 0 people found the following review helpful. Waste of treesBy anthony tedescoWaste of trees. Poorly set up. No inset for the city center means it's close to useless if you are going by foot0 of 0 people found the following review helpful. Five StarsBy Dr. MerkwürdigliebeExcellent map of Naples; very useful.

Naples street map includes a booklet and folded map in one single product. The booklet contains a complete street plan and index showing main through-routes, one-way streets, car parks, public buildings and post offices. Its wide geographic coverage covers all Naples neighborhoods, including the inner ring. Legend with symbols and abbreviations in 6 languages. Separate index. Useful telephone numbers. Scale 1:8,000 8 in = 1 mi.
