From French European Pubns : Michelin Map No. 736 Slovenia Croatia before purchasing it in order to gage whether or not it would be worth my time, and all praised Michelin Map No. 736 Slovenia Croatia:

3 of 3 people found the following review helpful. Read the Map Title CloselyBy Robert F AllenThe map meets Michelin's typical standards for quality. No concern on this front; however, I was specifically looking for maps of Croatia Slovenia. This map encompasses the whole of the former Yugoslavia rendering my areas of interest to a small corner of the map. A more accurate description would have allowed me to make a wiser purchasing decision.
