Spain: Central, Extremadura, Castilla-La Mancha, Madrid Map 576 (Maps/Regional (Michelin)):

By Pinckneyite This map was JUST what we needed for driving around the Madrid and Extremadura areas for 8 days. Tho we also had a GPS to route us, the Michelin map, which is in English, was essential for finding points of interest, side routes, and making sure that whatever road we happened to end up on, it wouldn't deposit us in a cow pasture (or, more accurately, a mountainside olive grove.) I might mention that driving in Spain is a piece of cake, made real easy with this map.

Michelin regional maps each contain practical road and route information. Special Michelin reads-like-a-book format for easy use in folding and unfolding. Useful information for planning trips, including gas stations, 24-hour service stations, toll gates, rest areas and service plazas. Clear, precise cartography. Icons pinpoint important travel information.
