From Michelin Travel Publications : Michelin Spain Portugal Map No. 990, 23e before purchasing it in order to gage whether or not it would be worth my time, and all praised Michelin Spain Portugal Map No. 990, 23e:

1 of 1 people found the following review helpful. Excellent map By Cypherpunk I teach Spanish, and I actually have this map laminated and posted in my room for use while I teach and for students to use while planning trips. The Michelin maps are produced by the same folks that publish the Guide Michelin, travel guides that were a mainstay for travel in Europe for years. The map quality is very good, and it is highly detailed. It has a very large national map on one side with detailed smaller maps opposite. Normally, a map this size would be unwieldy, but it is printed on thin but tough paper. I used a similar map while traveling in Germany, and I simply folded it so the area I was in was visible, while the rest of the map folded down flat and easily tucked in the novel I was reading on the train, etc.

An annually updated road map of Spain and Portugal, covering the major road networks across the region. Scale: 1/1,000,000 - 1cm=10km Legend/Key in four languages (French, Italian, Spanish, English)
