Michelin Travel Publications, Pneu Michelin : Michelin Spain Southern Map No. 446 (Michelin Maps Atlases)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Michelin Spain Southern Map No. 446 (Michelin Maps Atlases):

Updated map of Andalucia By A Customer Available locally (at list price) is the 1998 edition detailing the large network of "autopistas" built in Andalucia since the version offered by (1991), which is now out of date. The coverage of this map is actually all of Spain SOUTH of Valdepenas and east of the Portuguese border to the Costa de Almeria at Aguilas: the entire territory of Andalucia. The single map insert (7") is of Sevilla. Otherwise, I concur with the comments of the two other reviewers, especially the one that more city maps on the reverse side would be eminently more helpful (and efficient). 15 of 15 people found the following review helpful. Classic road Map of Andalucia Southern Spain By A Customer This is without doubt the best road map for the tourist in Southern Spain to buy
