Michelin : Michelin Switzerland Map 729 (Maps/Country (Michelin)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Michelin Switzerland Map 729 (Maps/Country (Michelin)):

3 of 3 people found the following review helpful. GPS is great but with a map you have the chance to ...By Shaine S. GPS is great but with a map you have the chance to see the lay of the land, and that is important to me. I know Switzerland well, my x ordered it, but in the end, I had the chance to come down a few mountains even more back than I already knew. Like to drive with my nose, and sense direction, it occasionally gets me on very tiny roads..... maps help then, particularly a Michelin!0 of 0 people found the following review helpful. Train routes not in detailBy Nathan D. GrangerWas looking for some detail regarding train hubs and routes between major cities and City center detail for 2 - 3 cities. Got some of that.1 of 1 people found the following review helpful. Great map.By Doc W8Used this map extensively on our recent trip to Switzerland. We did not drive, but used it as we traveled by train and bus. A great map for orienting oneself in the country. If you are staying a while in one canton, a canton map would be more useful, just as a state map would be in the US.

Renowned for over 100 years for their clear, accurate and easy-to-read mapping, Michelin country maps give travelers an overall picture of their route, with practical road and travel information; and city maps containing extensive street indexes orient them quickly so they can find their way to their destination.
