**Michelin Travel Publications : Michelin THE GREEN GUIDE Netherlands, 2e (THE GREEN GUIDE)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Michelin THE GREEN GUIDE Netherlands, 2e (THE GREEN GUIDE):

0 of 0 people found the following review helpful. book is too oldBy John in San DiegoThis publication is over 15 years old. Prices are quoted in guilders, not euros.9 of 10 people found the following review helpful. A comprehensive travel companionBy Gunter SchwerdtelMichelin's "Netherlands" guide is a compact and comprehensive companion when travelling in the Low Countries. It is pleasant to read and gives you the necessary historical, geographical and cultural background of the country as well as on its provinces and towns. It basically gives you the information, proposition for itineraries etc. which you need and expect, without being too lengthy. Complemented with Michelin's 1:400.000 map, it is an excellent basis to plan a trip and then follow it through. The only point, which could be improved is the index, which does not reference all the sites marked as worth visiting on the overview maps on the first pages of the guide. Some sites (example Muiden castle) are not referenced in themselves but as excursions, which can be done in the environs of a town (such as Amsterdam).8 of 10 people found the following review helpful. A Helpful Guide to the NetherlandsBy Carol DanlyI like the rating system used by the authors to evaluate the interest of a prospective tourist site. It's helpful in trip planning. On the other hand, the detail given in describing individual cities or sites should be sufficient for the casual tourist. The book includes brief history lessons that increased my interest in the historical sites described. It's worth [the price].

This title in the acclaimed Michelin Green Guide series brings you the "best of the Netherlands" in one volume. The charm of its historic towns, the color of the bulbfields, the highlights of its famous art collections and the architectural heritage of the Golden Age are captured in this guide. This fully revised edition includes a new feature for Amsterdam and other selected cities: Travellers' Addresses, indispensable listings of hotels, restaurants and cafes, plus tips on the best places to shop and where to go for a night out.
