Bot this to plan a 3 wk. car trip to Tuscany, Umbria Lazio brought it along for using during the entire trip. Absolutely fantastic! Even when we missed a turn because a road sign was misplaced or missing, we could still figure out where we were and how to get to our final destination easily with this map. Michelin's maps always work superbly for us, and that's all we use whenever we're doing a car trip on our own for countries they map.
