Vittorio Serra : Milan: New Practical Guide Book (Bonechi Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Milan: New Practical Guide Book (Bonechi Travel Guides):

A guide book for a visitor taking an extended stay in the city of Milan, home of Leonardo's "Last Supper", which is featured in the book. The guide covers all the major sites of interest, the famous Piazza dei Duomo, the Brera Art Gallery and La Scala, as well as all the other sights that can be visited in the city, describing them in detail and picturing them in colour. The guide is divided into five sections or itineraries, each describing an area of the city that can be explored in detail as well as covering outlying points of interest.
