Tremendous Fun For the Kids During Your Vacation By Ian This is a delightful children's adventure book that the whole family can enjoy when in London. It will keep your child (or children) engaged with a thrilling challenge to see if they have what it takes to become a spy. But adults will likely have just as much fun playing along. The individual missions in the book are clearly marked and laid out with gorgeous photographs and artwork, befitting the legendary landmarks you will likely explore while on vacation. Kids tasked with completing their missions will find themselves unwittingly learning as much as you about London's history, culture, art, politics, geography... there's quite a broad spectrum of education crammed within these pages, and none of it comes off as such. It all comes off as wicked fun. If schools back home were set up this way, I imagine kids would learn a lot more. It's like teaching engineering and design by having a class build a hang glider then going out and flying one. This sexy appeal to learning makes the kids' taking in everything about their new world with wide eyed wonder a foregone conclusion. And by interlacing the Mission London playbook with your travels you might find the added bonus that the kids will remember the trip well into adulthood; something they might not otherwise do without the anchor points provided in the text. Highly recommended for kids and parents alike. Don't forget to load up your cell phone or tablet with this ebook before boarding the plane!

By Jeff Moore On a recent trip to Europe, we bought Mission London, Paris and Barcelona for our 8 and 10 year old girls. These books quickly became the highlight of what would have otherwise been a lot of boring churches and museums for two young ones. In London, my 8 year old and I really loved the Tower of London hunts. They took us all over the grounds and taught us both a great deal of history. I would highly recommend this series for anyone traveling with children.

Headed to London with kids? Want to ensure your young explorers get the most out of their incredible opportunity to experience the British capital? Then you've come to the right place! Mission London takes your young travelers through the famous sights of London, engaging them in an exciting scavenger hunt as you explore city landmarks together. Say 'goodbye' to a trip filled with the stress of keeping everyone entertained. Instead, say 'hello!' to a memorable family vacation. Imagine - your kids will be excited to sightsee (yes, even at museums!) as you discover the wonders of London as a family. Get Mission London today for your young jet-setters...and make sure it's in their bag when they take off for London! Mission London offers a fun vacation for everyone - with a captivating, spy-theme scavenger hunt packed with entertaining activities. When your kids set off on their mission, with the goal of earning enough points to become a special agent, they'll gain points as: -Art Sleuths: They'll search for clues in the treasures of the British Museum and National Gallery. -Culture Detectives: They'll discover the fascinating stories behind landmarks like Tower Bridge and Parliament/Big Ben and sample British fare like fish 'n chips, tea, and scones. - Monument Investigators: They'll uncover clues on the façade of St. Paul's Cathedral, the statues of Westminster Abbey, and the walls of the Tower of London...and many more engaging activities. Experiencing the British capital is an amazing opportunity for anyone, especially a young person. Make your kids' trip one to remember. Get Mission London today for your young explorers...and be sure it's in their suitcase when they set off for London! Our series also includes books for Paris, Rome, Florence, Barcelona, Amsterdam, Washington, D.C., New York, and St. Augustine. Here's what Amazon customers have to say about Mission London. "Mission London is probably one of the best travel books I've seen for kids. I'm highly impressed with this one. Perfect for kids from 8-14, this is a great way to keep your kids entertained while learning a lot about London. Full of gorgeous pictures and fascinating tidbits about history, this turns travel into a game." - Outlaw Poet "Really great. The writer understands what kids like and don't like. The idea of going on a mission really motivated my son -- who is 8 years old -- to check out the sites of London and he learned a lot in the process." - Iseprof "We enjoyed this book as a family and it kept our 10 year old entertained." - Marsha Flores
