Candy Lee LaBalle : Moon Living Abroad in Spain before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon Living Abroad in Spain:

1 of 1 people found the following review helpful. Fabulous Book...By JayneFabulous and informative book. It sure helped me to not be so nervous about moving abroad. I loved it.11 of 12 people found the following review helpful. Exactly what we were looking for . . . !By spartingWe had been looking everywhere for information on moving to and living in Spain--expat sites and blogs, travel books, embassy sites, etc.--but found most information too general, too

dated, or too specific (personal experience). In "Living Abroad in Spain," LaBalle manages, with a perfect amount of detail and forethought, to address our concerns and offer helpful, up-to-date advice on myriad areas of import for anyone considering the leap to this amazing country. This book is better than anything I expected to find in any one source. In fact, after having discovered the book in my local bookstore, (yes, they do still exist!) I bought a second copy on Kindle so my partner and I didn't have to keep taking it back from each other when doing our research. 0 of 0 people found the following review helpful. Very Useful Information By muley2010A lot of really useful information in this book. Unfortunately, I could not find anything published more recently, but 2009 isn't too bad.

Candy Lee LaBalle possesses unique experience in moving to Spain—her first attempt led her to return to the U.S for three years, before trying again (this time, successfully) in 2003. Becoming immersed in the language, culture, and bureaucracy of Spain, Candy has made her home amongst Spanish friends, with a career in English consulting. In *Moon Living Abroad in Spain*, Candy helps newcomers navigate the ins and outs of relocating to this diverse country. *Moon Living Abroad in Spain* is packed with essential information and must-have details on setting up daily life, including obtaining visas, arranging finances, and gaining employment. You'll get practical advice on education, health care, and how to rent or buy a home that fits your needs. The book also includes color and black and white photos, illustrations, and maps—making the moving and transition process easy for businesspeople, students, teachers, retirees, and professionals.

Moon Living Abroad in Spain author Candy Lee LaBalle shares some insider tips on making the move to Spain. To read the entire QA, please visit [Moon](#). Should someone moving to Spain find housing before they leave or look around upon arrival? Are there any great housing resources to be aware of? Arrange your short-term housing--a hotel, hostel, or even couch surfing--before you leave home, but wait until you arrive in Spain for long-term housing. You'll want to visit the neighborhoods, see the apartment, and meet the landlord, seller, or roommate before forking over your Euros. To get a grip on prices and neighborhoods, Spanish mega housing site, [idealista.com](#), is a must. When moving to Spain, what are the initial costs? How much money should you set aside in order to make the move? It depends on your intentions and needs. If you are young and single and looking to share an apartment, \$2000 should be enough to get you started for a couple of months. If you want your own place or are coming with family, you'll need considerably more. And of course, where you move in Spain will have a big impact, Madrid or Barcelona are much more expensive than Costa del Sol or Northern Spain. --[Moon.com](#) Did you ever think of just picking up and moving to another country? The travel book publisher Moon has expanded its "Living Abroad" series. New volumes describe living in Panama, South Korea, Guatemala, China and Spain. More than 5.25 million nongovernmental U.S. citizens live abroad, according to the Association of Americans Resident Overseas. While meant for expats, the books also come in handy for tourists who might be spending a few weeks or months in a country as part of study abroad or extended tour. You never know when you'll be back. --[Detroit Free Press](#), February 28, 2010
