**Avalon Travel : Moon Metro Barcelona** before purchasing it in order to gage whether or not it would be worth my time, and all praised Moon Metro Barcelona:

6 of 6 people found the following review helpful. easy to useBy A CustomerI thought the metro guide was really easy to use- I love the fact that all the city maps are right there, easy to unfold. I hate carrying around a separate map or getting confused when a street name doesn't appear on a regular (tiny) guidebook map. I also liked the writing style- I even read about places I didn't plan to go because it was so entertaining!

Famed for the unique architecture of Gaudi, its hopping club scene, chic shops, and fabulous cuisine, Barcelona is Spain's most cosmopolitan city enjoyed to the fullest with Moon Metro Barcelona. The newest destination in the Moon Metro series, this sleek guide profiles the best of the city, combining selective listings and color photographs of the hottest sights, shops, restaurants, amusements, and hotels with discreet, laminated, fold-out maps detailing all the must-see neighborhoods. Admire the sights on a stroll down the grand La Ramblas, Barcelona's main boulevard; enjoy tapas at one of Eixample's trendy outdoor cafes; or hit a few clubs in the Barri Gotic. Moon Metro Barcelona leads the visitor to the city's must-see sights as well as the attractions only the locals know about. Clean, concise, and compact, Moon Metro Barcelona is the definitive guide to Spain's most charming city.
