Fodor's : Moscow and St. Petersburg (Fodor's Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Moscow and St. Petersburg (Fodor's Guides):

8 of 8 people found the following review helpful. One Book for Discovering Russia's Two Greatest CitiesBy A CustomerAs the founder of a company devoted to enriching cultural and business travel to Russia, we are always looking for a good, general guidebook for clients. "Fodor's Moscow and St. Petersburg" has good neighborhood guides

to the two main cities of Russia. The entertainment, bar, restaurant and hotel suggestions are comprehensive (as far as quantity and general pricing range, although the pricing and quality levels cited are not always accurate). One annoyance is that there are no Cyrillic displays of a sight's name (just transliterations into Latin script), which means that you are likely to miss a sign right in front of you for, for instance, the Toy Museum. It is particularly annoying to see the (inaccurate) reference to David Lean filming part of "Dr. Zhivago" in the Hotel Metropole-the closest the cast and crew came to Russia was Finland. Note, however, that we always tell clients and other visitors to Russia that you should get the most current guidebook, as attractions, hotels, restaurants and transportation options do often change-- AND THEN VERIFY THE INFORMATION! All in all, we recommend "Fodor's Moscow and St. Petersburg" as a good additional guidebook to bring if you are staying more than a few days, or if you want to bring just one book for your journey of Discovering Russia's two greatest cities, Moscow and St. Petersburg. Marc David Miller, Discovering Russia, New York 2 of 2 people found the following review helpful. I don't recommend this book at all By Katie Jaramillo I don't recommend this book at all. Maps are not complete. They were very unhelpful. The restaurants recommended in St Petersburg were not at all how described. 0 of 0 people found the following review helpful. Moscow is famous for its Red Square and Kremlin! By Kevin King A quality travel guide about the capitol of Russia!

The 7th edition of this proven, reliable guide has been completely updated, giving travelers the know-how to navigate these rapidly changing cities.
