No other guides offer the numerous gorgeous, color photos, which to me are much more illustrative than words. As it is said, "a picture is worth a thousand words" and they prove it! The narratives are factual, not as editorial as some, but allow you to decide for yourself. There is a short history of the country, which is succinct and very good for context. They also provide the top ten attractions, cultural attractions, restaurants, hotels, tips for travelers and more. These are my 'go to' books for previewing my next trip abroad.Moscow (Eyewitness Travel Guides)St. Petersburg (Eyewitness Travel Guides)
