Tony Reeves : Movie London before purchasing it in order to gage whether or not it would be worth my time, and all praised Movie London:

2 of 5 people found the following review helpful. Like to see a cross-referenceBy Vicki SchillemanThe book is broken down by area and references movies filmed in those areas. I found that a cross-reference of all sites for a particular movie would have been helpful -- although there were page number references.

Where is Hugh Grant's famous door from Notting Hill? How do you find the secret entrance to the Ministry of Magic

from Harry Potter, or James Bond's office? Comprehensive, entertaining and exhaustively researched, *Movie London* contains detailed coverage of over 500 films, illustrated with hundreds of location photographs. Packed with all the information the movie-buff traveller needs to know, this unique guide also includes maps for movie-themed walks and full color features on: * Hitchcock's London * Bond Streets * The Scary City * Swinging Sixties London * Romantic Comedies * London Gangsters * Literary London From the trendy Notting Hill to the gritty Bourne Ultimatum, from the stately Sense Sensibility to the starkly futuristic Children of Men, the films made in London are as diverse as the capital's vibrant cultures - and *Movie London* covers them all.

Praise for the previous edition: "No part of London is left uncovered, as Reeves reveals locations for more than 500 films, from James Bond to Bridget Jones." *Time* "Scholarly and entertaining... a mine of info, well illustrated, wide-ranging, affordable and hard for a Londoner to put down." — *The Guardian* "A definitive guide to movie tourism in London." — *The Mail on Sunday* "This comprehensive and entertaining guide meticulously details a huge number of movie locations.
