Amanda Tabberer : My Amalfi Coast before purchasing it in order to gage whether or not it would be worth my time, and all praised My Amalfi Coast:

10 of 10 people found the following review helpful. A Beautiful, Must-Have Book for travel to Amalfi CoastBy Lauren ERThis book is exquisite--you could buy it for the excellent photography, but there's so much more to it. Wonderfully written, the aussie author shares some background info on how she came to live in Positano, Italy. From there, it just gets better.The book is divided into sections for each town along the Amalfi Coast, giving inside information about what to see, where to dine, etc for each town. This is important because no matter what town you choose to stay in when you go to the Amalfi Coast, you'll have easy access to all the other towns via the local SITA bus. And, the information is accompanied by beautiful photos of each town.This book is not only a great, plan-ahead guide book, but it's "coffee-table" size makes you want to keep it on display year-round, long after you've gone to

Amalfi and returned. I've got a library full of books...and this one impressed the heck out of me! Buy it, buy it, buy it! 1 of 1 people found the following review helpful. Armchair Travel to Italy! By Bellerive I love this, a personal insider's look at the Amalfi coast. Lots of useful information combined with a good narrative about her experiences and introduction to the culture and lifestyle of Amalfi. There're a lot of good insights about what to see, do and eat. I purchased this in the Kindle edition and it was great, easy to read and you can get a close-up of the stunning photos by clicking on them. Highly recommended. 1 of 1 people found the following review helpful. Perfectly satisfied By Customer The item I bought from this seller arrived on time and in perfect condition. It was exactly as it was described. I'm perfectly satisfied with my purchase and the level of service provided, so I highly recommend this seller.

My Amalfi Coast is a loving memoir of the place Amanda called home for so many years, and a guide packed with insider's tips on where to eat, stay, shop, and visit. Amanda takes us to the very heart of a region where the splendor of the scenery is more than matched by the warmth and charm of the people. Along the way we are invited to share Amanda's own story: the holiday that led to a love affair, which in turn inspired her to trade a glamorous fashion career in Florence for bare feet, a bikini, and a beautiful man in the jewel-like town of Positano. We follow Amanda as she becomes a mother, business owner, and bona fide local, before finally making the decision to return to Australia. Beautifully photographed by Carla Coulson, My Amalfi Coast is a warm and intimate account of one of the world's most spectacular coastal regions, and of a culture that knows how to appreciate the things that truly matter in life.

"An evocatively personal travel guide to one of Italy's most glorious regions, from an Australian who lived and loved it for 18 years." —Australian Gourmet Traveller
