Insight Guides : Naples, Capri, the Coast ((Updated)) (Insight Guide Naples, Capri, the Coast) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Naples, Capri, the Coast ((Updated)) (Insight Guide Naples, Capri, the Coast):

1 of 1 people found the following review helpful. I know this Napoli By Don Worden My wife is stationed here in Napoli, so naturally we are always looking at guides and sifting the net for sights to see. I checked this book out of the

library here and could not believe the photography, this artist has captured the essence of Napoli. And the descriptions of Napoli are so true, I couldn't have presented the city any better. Although the city is dirty, overcrowded, and with criminal element, it is a wonderful opportunity to be here, the people are very spirited and extroverted, the food is tremendous, and there is a lot to see and do here. If you can not come and see for yourself, this book is the next best thing. I highly recommend this guide and I'll be looking for other Insight Guides for our travels.
