Lozzi Editori : Naples (Napoli) Souvenir Map (Laminated) in English by Lozzi (English, Spanish, French, Italian and German Edition)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Naples (Napoli) Souvenir Map (Laminated) in English by Lozzi (English, Spanish, French, Italian and German Edition):

Imported from Italy, this folded, laminated pocket map of Naples in full color provides the most authoritative geographical information that there is -- the local kind. Suitable for walking tours with a close-up scale that shows all the city's nooks and crannies. English-language headlines identify the list of street names, the index of useful phone numbers (tourist information offices, emergency numbers, public transportation lines, museums, churches, and a list of distances to other cities). Alphabetical street index helps you pinpoint your destinations by placing them within the map's grid. Many streets and places of interest are named directly on the map. Two large inset maps (approx. 7' x 9'), of Capri and Ischia, show roads, places of interest, ferry landings and list useful information for touring on these two nearby islands. Folds easily to fit into a jacket pocket or water bottle pocket on a backpack. A locally produced map now available in North America for under \$5!
