Chloe Grimshaw : New London Style before purchasing it in order to gauge whether or not it would be worth my time, and all praised New London Style:

0 of 0 people found the following review helpful. Fabulous Book!!! By mtrip11 I got this book after requesting it for my birthday, and LOVE it!! It's full of eclectic, inspirational rooms, and has just enough info about the spaces, as well as some information about the owners and creators of the rooms. There are loads of beautiful photos, and it's well worth owning if you love interior inspiration books. It highlights several different design styles, which I appreciate. I've poured over the entire thing several times and will continue to do so! 4 of 4 people found the following review helpful. Great! By E. Richter This book is full of gorgeous full color pictures. It's great if you're looking for something not so run-of-the-mill and a little eclectic. It's definitely not a how-to book but more like...inspiration for your own space. This is probably one of the best interior design books that I own. 1 of 1 people found the following review helpful. Top of the stack... By Tara L. Vigouroux Love this book! It's been on the top of the stack on my coffee table since it arrived. Great pictures, bright colours, original ideas. Eclectic style at its best.

Here is a peek into the private dwellings of London's most exciting young talents from the worlds of music, fashion, design, and art. Their "new London style" takes many forms, but above all it expresses a creative sensibility against the backdrop of one of the world's most exciting cities. The twenty-eight houses in the book are loosely arranged by

neighborhood and reflect the cosmopolitan melting pot that influences the city's design trends. 371 photographs, 350 in color

“Will appeal to followers of London fashion culture as well as general audiences interested in interior design and photography” - Reference and Research Book News
“New London Style takes us on a tour of 28 houses, each with a flair that makes you smile.” - Washington Spaces
About the Author
