Paul Hannon : Nidderdale Ripon: The Eastern Yorkshire Dales (Walking in Yorkshire) before purchasing it in order to gage whether or not it would be worth my time, and all praised Nidderdale Ripon: The Eastern Yorkshire Dales (Walking in Yorkshire):

This new title is in an improved series of Paul Hannon's walking guides. A range of enhancements see two previous titles merge to cover a broader, logically grouped area - in this instance the neighbouring Nidderdale and Ripon areas, which are already strongly linked within the Nidderdale Area of Outstanding Natural Beauty. The new series is far more visually appealing with the use of colour throughout and a more modern house style. The best of the walks from the original series are gathered together to provide 25 glorious outings. A collection of over 50 colour photographs depict features and landscapes along the routes, while concise route descriptions are complemented by a wealth of background information.
