From K. Rustem and Brother : North Cyprus Almanack, 1987 before purchasing it in order to gage whether or not it would be worth my time, and all praised North Cyprus Almanack, 1987:

The North Cyprus Almanack is, in its way, a national handbook. It is an invaluable guide to North Cyprus, and is full of interesting, concise, and accurate information for the business man, the journalist, the specialist, the student and the tourist - in fact for all who are interested in this small, but remarkably successful, newly-born Republic in the Eastern Mediterranean.
