Not For Tourists : Not For Tourists Guide to London 2015 before purchasing it in order to gage whether or not it would be worth my time, and all praised Not For Tourists Guide to London 2015:

11 of 12 people found the following review helpful. See London like a localBy BrianFirst off, it is worth saying upfront that NFT London is not your typical tourist guide. Anyone expecting that WILL be disappointed.NFT London is a guide that helps folks traveling to London move around the city with knowledge approaching that of a local. This guide divides London into 152 unique areas. Each of the 152 sections has a map of the area and then highlights noteworthy items - like coffee shops, shopping, supermarkets, cinemas, landmarks, etc.After this, about half of the book is devoted to more detailed descriptions of areas of interest such as museums, sporting venues, transport, and

other areas of information. Each item points back to the specific area of the city it can be found in. The end of the guide has a fold out map of the Underground and of the various bus routes around the city. If I am a fan of the NFT series of guides. The knowledge one can glean from these books makes touring around the city a lot easier and can introduce you to hidden gems. 0 of 0 people found the following review helpful. Not what we expected. By P. Parker-Shimkus Don't recommend. It is simply not tourist friendly. more for a local Londoner, I guess. We left it in the BB room when we checked out... Maybe someone will find a use for it. 3 of 3 people found the following review helpful. Don't bother By MEK Horrible little book. The print is minuscule. The layout is confusing. Waste of money. I have read many London guides and this is the worst.

Whether you've called London your home for decades or just arrived last night, there's information in the Not For Tourists Guide to London that you need to know. From intimate neighborhood details to how to score tickets to the big football match, this guide will help you master this amazing city like an expert. Packed with over 100 maps and thousands of restaurants, shops, theaters, and under-the-radar spots, you won't find a better guide to London. The book also features:- An invaluable street index- A foldout map of the London Underground and bus system- Profiles of over 100 neighborhoods- Listings for museums and landmarks- A guide to the best shopping You don't need to be Sherlock Holmes to solve the mysteries of London: NFT has all the answers!
