Simonetta Greggio : One Hundred One Beautiful Small Towns in France (101 Beautiful Small Towns) before purchasing it in order to gauge whether or not it would be worth my time, and all praised One Hundred One Beautiful Small Towns in France (101 Beautiful Small Towns):

0 of 0 people found the following review helpful. Great way to travel to France! By RSWI've been to the south of France visiting a friend, back in 1995. Lovely terrain. When she finally returned to the USA, I bought her this book for her birthday, recently. She had been to many of the towns depicted in this book. I had been only to Avignon and Marseilles. The page depicting Avignon mentioned an arts festival she was in, while living there, several years in a row (as a dancer). So it was a special treat for her. Great place to visit in the pages of this book. As an aside, this is the only way I will ever "visit" France again. 0 of 0 people found the following review helpful. ... is not big enough to just pick up and easily browse for awhile By Cairn Terrier This book is too small in size - print is not big enough to just pick up and easily browse for awhile. The text and pictures are nice, but again, would be nice if the book was larger and easier to read. 8 of 8 people found the following review helpful. Not so small towns By Dave The title should be "101 medium size towns and cities". I've been to several of the cities in this book and they are not the small towns/villages implied in the title. Photos are great, but I expected to see some small, out-of-the-way spots to visit on future trips, not cities of 50,000 to 100,000 plus.

A sequel to the highly successful *One Hundred and One Beautiful Small Towns in Italy*, this book expands the series to include the most enchanting hamlets of France. Gorgeously illustrated as well as informative, *One Hundred and One Beautiful Small Towns of France* is a journey through the French countryside, a place where the pace slows, locals engage strangers in conversation, and every town has a unique story to tell. Travel between the hilltop towns of the Central Massif and the Pyrenees to rockbound coastal fishing villages in Normandy and Brittany. Breathtaking full-color photographs create the perfect atmosphere as you discover these unexplored places, and descriptive sidebars offer invaluable information on local curiosities to indulge, unique artisanal products to buy, and age-old culinary specialties to sample. A detailed appendix is the perfect source on where to shop, sightsee, and dine—avec plaisir! Whether you are an armchair traveler or a Francophile planning another trip, this volume is the guide to the hidden treasures of France that proves once and for all that the heart of this popular travel destination lies in the countryside far from the grandeur and pomp of Paris.

"Whether you're planning your first trip to Italy or you've visited dozens of times, *Dreaming of Tuscany* is one book you won't want to leave without." -- Oct 06 COUNTRY LIVING "You can smell the just-made polenta" -- Feb SKY "a coffee table book created for dreamers" -- 12/10/06 CHICAGO SUN-TIMES "from a discerning traveler who knows the region well, embellished with dazzling photos" -- Dec 06 ENTREE Ohrbach has assembled an exceptional, beautifully illustrated insiders guide. the book more than delivers, it provides superb advice, with superlative resources and unexpected insights -- Mar VERANDA About the Author Simonetta Greggio was born in Italy, but her passion was always for France. She studied literature in Paris under Milan Kundera and has coauthored numerous lifestyle books, including *Provence*, *Luberon*, and *La Cote d'Azur*.
