Svetlana Alliluyeva : Only One Year before purchasing it in order to gage whether or not it would be worth my time, and all praised Only One Year:

By Loves to read Sorry, I earlier reviewed this book, thinking I was reviewing "Twenty Letters to a Friend" by Svetlana Alliluyeva. It will be informative to read "20 Letters to a Friend" before reading "Only One Year". Then this book will have more depth. I am fascinated by Stalin's daughter and how she coped....who taught her her strength. Other books together will give you that information. Both books are wonderful. Better than a novel and a peek into the mind and heart of one who grew up in the center of the Stalin regime. I doubt that you will get a more accurate picture anywhere else....Enjoy! 0 of 0 people found the following review helpful.
