We had a great trip and found amazing hotels, wineries, and restaurants in this book that even locals didn't know about. Buy it before leaving for Portugal.

This second revised edition covers more than 175 cities, medieval walled towns, hamlets and seaside villages, with details of hotels, inns and restaurants throughout the country. An expanded section provides a guide to Portugal's wines and wineries and details are given of all the area code and phone number changes that went into effect in 1996.
