before purchasing it in order to gage whether or not it would be worth my time, and all praised ORIGINAL ANTIQUE 1775 Map of South Poland "Lubomeriae et Galliciae Regni, Tabula Geographica":

Original, not a reproduction. Very detailed, decorative map, titled "Lubomeriae et Galliciae Regni, Tabula Geographica." Published in 1775 by Homann Heirs. Shows an area that is now southern Poland. In that year, much of South Poland was given to Austria. This map shows the locations of metal ore deposits in the Austrian's newly acquired territory, and was useful to the new Austrian lords who wanted to make money in their new land. Title is surrounded by an elaborate cartouche. 26 in x 21 in.
