Nice map but wish it didn't have a cardboard cover ...By HeavenlyJaneNice map but wish it didn't have a cardboard cover glue to it. It makes it difficult to used the flip side (Shetland Islands).

This double-sided leisure and tourist map of Orkney and Shetland gives detailed coverage of the islands' road network at a scale of approximately 2.5 miles to 1 inch. The Orkney Islands are featured on side one of the map, with the Shetland Islands shown on the reverse. The maps show places of tourist and historic interest, including castles, camping sites, country parks, galleries, gardens, golf courses, marinas, museums, nature trails, historic sites, sports venues, theatres, theme parks, wildlife parks and zoos. An index to principal places of interest is also featured on each side of the map for Orkney and Shetland respectively. In a convenient folded format, this double-sided sheet map is ideally suited for both leisure and business use, whether by locals or visitors to the islands.
