By Jasko
This is a good reading material, recommended for those who are doing research related to Balkan's history. While you may want to get this book in a printed format, it is freely available as a PDF, simple googling will help to find it. As it was written in 19th century, I am not quite sure what "copyright" is referring to in the preview section. (Correction: on Google Books you can't find vol 1, they scanned only vol 2, which covers Bosnia, Dalmatia, Montenegro)

This Elibron Classics book is a facsimile reprint of a 1876 edition by Samuel Tinsley, London.
