Rachel Sharp : Oxford Travel Guide: Sightseeing, Hotel, Restaurant Shopping Highlights before purchasing it in order to gage whether or not it would be worth my time, and all praised Oxford Travel Guide: Sightseeing, Hotel, Restaurant Shopping Highlights:

0 of 0 people found the following review helpful. has some good text, but no maps lots of typosBy a personEntirely

black-and-white without any maps whatsoever. The text is good on the whole (except for the numerous typos), but as the previous reviewer noted, you can probably get most of the information by just checking out Wikivoyage's entry for Oxford, which is probably around the same length and quality (but is, of course, free). I found the Pitkin guide to Oxford much more useful, with its maps and color photographs. I'd recommend this only if you're someone who doesn't have any need for or interest in maps, and who'd like something in short-book format to read rather than a free Wikivoyage printout. 0 of 0 people found the following review helpful. Not worth the money in my opinion. Very thin ...By Jim P. Not worth the money in my opinion. Very thin treatment of the topic. You can get the information free in a number of local publications in Oxford.

Oxford is the famous and historic city in the south of England. With one of the world's most well-regarded universities, the city has no less than nine hundred buildings that are listed as having architectural or historical merit, and most of them are located within one square mile. The High Street has been described as the most scenic in Europe.
