**Sandra Wilkins : Palma de Mallorca, Spain: Including its History, The Plaça d'Espanya, La Seu, The Old City, and More** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Palma de Mallorca, Spain: Including its History, The Plaça d'Espanya, La Seu, The Old City, and More:

1 of 1 people found the following review helpful. Disappointing....By G-Man Been to Mallorca twice and am heading back in 2014. I go for the biking, as it's Biking Heaven! Had never spent much time in Palma, and thought this would be a good primer to explore the city on my third trip. I was wrong. Why? Lots of history, but more about Spain than the island of Mallorca, or Palma, for that matter. Pictures are very small, yet there is plenty of room on the pages to have had larger pictures. Lots of "tasteful white space" wasted on page after page of train-line schedules. Several

instances where the text had in parenthesis ("check Wikipedia"), leading me to believe that perhaps I (and ) was sold a proof copy rather than a final copy of the book. Big disappointment, and it definitely brings me to the conclusion that it is better to purchase books at a bricks-and-mortar shop rather than online.
