**Sam Ballard, Jane Ballard : Paradores of Spain** before purchasing it in order to gage whether or not it would be worth my time, and all praised Paradores of Spain:

0 of 0 people found the following review helpful. Five StarsBy CMhad it for years and bought it for my son

Charming, historic, economical lodging options. With maps, photos, and cultural background.

From Library Journal With these marvelously written and designed books in hand, beginning or serious travelers will have a treasure-trove of information to guide them on their journey to the Iberian peninsula. The state-owned inns provide historic and modern accommodations scattered throughout Spain and Portugal. Each inn differs in decor, menu, and historic background. Containing thorough and lively descriptions of each hotel, these volumes also provide detailed maps and suggested itineraries for both local sightseeing expeditions and lengthy tours spanning both countries. The Ballards have visited each parador and pousada, and their enthusiasm and knowledge shine on each page. More general information on local diet, language, history, travel, and overnight accommodations gives the travel planner all the data necessary for a unique and unforgettable trip. Highly recommended for academic and public library travel collections. Olga B. Wise, American Heart Assn. National Ctr. Lib., Dallas Copyright 1986 Reed Business Information, Inc.
