**From William Paterson Co. c.1892 : Paterson's Guide to Switzerland 1892, With Maps and Plans** before purchasing it in order to gage whether or not it would be worth my time, and all praised Paterson's Guide to Switzerland 1892, With Maps and Plans:

This title is a fine example of the sort of guidebook relied upon by late-Victorian travellers in their ever-widening peregrinations around the globe by railway sea in the Age of Steam.
