Emily Hourican, Keith Bain : Pauline Frommer's Ireland (Pauline Frommer Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pauline Frommer's Ireland (Pauline Frommer Guides):

1 of 1 people found the following review helpful. Great info By H. Francis I've used Pauline Frommer's Paris book for the past several trips and was happy to see that she had one on Ireland (where I'm headed next month). She includes

useful info and many out-of-the-way things to see and do. I just wish she would update both her Paris and Ireland books with more current info. They're both from 1999.0 of 0 people found the following review helpful. a must have for Ireland travel!By Queenie29Great travel book! I loved this book! It had lots of fun places that weren't 'major' ireland hubs and cool off the beat castles and a bit of history. I took notes and will keep this for my next visit!1 of 1 people found the following review helpful. Good ideas for cheaper travelBy S. ClarkI bought this book to help plan a future trip to Ireland. My husband and I will be on a budget, and this book, compared to others I picked up from the library, had much more helpful tips for budget travelers. Ireland is not cheap, I am learning, but there are ways to get there without breaking the bank.

Spend less, see more. This is the philosophy behind Pauline Frommer's guides. Written by travel expert Pauline Frommer (who is also the daughter of Arthur Frommer), and her team of hand-picked writers, these guides show how to truly experience a culture, meet locals, and save money along the way. With Pauline Frommer's Ireland you'll: Tap into a wealth of affordable accommodations, from coastal cottages with breathtaking sea views, to central city apartments close to all the action in Dublin. Make Ireland's stunning scenery your backdrop for inexpensive golf, horseback riding, sailing, fishing, cycling, and hiking. Learn the art of comic improvisation in Cork City, or the volcanic, organic detailing of raku ceramics in West Cork Discover Belfast and Northern Ireland, where former prisoners are now tour guides and troubled spots are must-see neighborhoods. Get inside the "other" Ireland and meet locals at art classes, attend backroom folk music jams at the neighborhood pub, visit local markets, and more.

From the Back Coverpauline frommer's Ireland spend less see more 1st edition "A great read. . . . Lively and unabashedly opinionated." -New York Post budget travel redefined I put a fresh spin on budget travel, showing you not only how to spend less in Ireland, but how to see it in a more authentic way, without sacrificing comfort for savings. Charming accommodations: Instead of spending \$300 a night for a bland, chain hotel, rent a 100-year-old stone farmhouse that sleeps six for as little as \$53 a night (p. 315) or your own lighthouse for just a bit more (p. 90). Food finds: Eat your way through the Emerald Isle affordably, from succulent oysters in Galway (p. 269) to updated Irish stew in Dublin (p. 42). Sights and attractions: Discover in-depth histories, outspoken commentary on museums and historic sights, cultural gems such as seaweed baths and pilgrim's treks, and much more. Insider's Ireland: Enjoy entrancing evenings of storytelling and traditional music sessions that only the locals know about, cooking classes introducing you to the newly gourmet Irish cuisine (p. 444), and "road bowling" along country lanes (p. 392). Happy Travels, Pauline Frommer
