**PIERRE : Peñín Guide To Spanish Wine 2017 (Penin Guide to Spanish Wine)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Peñín Guide To Spanish Wine 2017 (Penin Guide to Spanish Wine):

1 of 1 people found the following review helpful. I like Spanish winesBy STEPHEN ADAMSMassive book with a massive amount of information. Not sure how much it benefits your average wine drinker. 11,500 wines and 2,100 wineries listed and rated. However, there is no coverage of widely available wines sold in the US- Torres, Campo Veijo etc.Also question the rating syste. The lowest rating I found (rare) is 79 points- top of the average rating. I like Spanish wines, and many are great values, but there are more average wines than this book shows.0 of 1 people found
