**Keith Carter, Chris Scott, Stuart Greig : Pennine Way: British Walking Guide: planning, places to stay, places to eat; includes 138 large-scale walking maps (Trailblazer)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pennine Way: British Walking Guide: planning, places to stay, places to eat; includes 138 large-scale walking maps (Trailblazer):

0 of 0 people found the following review helpful. Excellent!By mklI used this book as my go-to guide while walking the entire (okay, except for a short-cut here and there) Pennine Way in 2015. Excellent source of phone numbers for lodging, resources along the way, and detailed maps that guide you through every bit of the way. Highly recommended if you're planning to walk the whole way.0 of 0 people found the following review helpful. Five StarsBy Charles YoungVery good0 of 0 people found the following review helpful. This book series is fantastic for walking long distance tripsBy Kenneth McmillenThis book series is fantastic for walking long distance trips. It is my 3rd book. The information on towns, places to stay and eat, along with phone numbers is crucial for planning.
