Michael Forsyth : Pevsner Architectural Guides Bath before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pevsner Architectural Guides Bath:

0 of 0 people found the following review helpful. Authoritative Architectural History with Walking Tour Guides By Hunter Peck Was very pleased with the customer service of the seller. This guide is both authoritative on the city of Bath's architectural history and its walking tour guides are practical. Should be useful for the tourist, the amateur or young scholar with an interest in architectural history. 0 of 1 people found the following review helpful. Concise guide to the buildings of Bath By Jane in Atlanta We enjoy looking at and learning about architecture when we travel. This book will serve as our "personal guide" for Bath. The book is heavy, weighing about 20 oz and thus adding weight to our planned walk-about. But it will be worth it !

This delightful book is the first comprehensive architectural guide to Bath, England's finest Georgian city. Full of new discoveries and lively descriptions of the city's notable buildings, the book follows in the great tradition of the Pevsner series. It features superb, specially taken color illustrations throughout and numerous easy-to-use walking maps. The great set-pieces of Bath—the famous Pump Room, The Circus, Royal Crescent—are embedded in a graceful urban landscape developed by a long succession of gifted local architects. The city's Roman roots are represented by the remains of its extraordinary baths, its medieval prosperity by the splendid Abbey. Exquisite villas and terraces on the surrounding hills add further variety. For all who share an interest in the buildings of Bath—from architect to historian, tourist to armchair traveler—this is an irresistible volume.

From the Publisher This is the second paperback City Guide in the Buildings of England series About the Author Michael Forsyth is director of studies on the conservation of historic buildings course at the University of Bath.
